 - Masking requirements will be removed in most settings, with the exception of public transit, long-term care and retirement homes, health-care settings, congregate care settings, shelters and jails.
 - Remaining regulatory requirements for businesses will be removed, including passive screening and the need to have a COVID-19 safety plan.
 - On April 27, 2022, the government of Ontario plans to lift all remaining COVID-19 related restrictions in the province.
 - The measures introduced by Ontario's New Plan remain subject to the improvement and stabilization of key health indicators such as hospitalization rates and vaccination rates."
5. For the safety of our community, the Board of Directors recommends that people attending a Meeting/Party Room event wear masks whenever possible as a precaution.
6. The Board of Directors also stipulate that in renting the facility to a homeowner the Renter/Host of the Meeting/Party Room is solely responsible for the conduct of their guests. Therefore, the renter and their guests that attend an event do so at their own risk. The Board of Directors and Management accept no responsibility should any alleged health issues occur to any attendees over a period of time.
